IRONTON, MO., THURSDAY, SEPTEMBER 29, 1910.

Your Breakfast Room Made Comfortable With Fuel Supplied the Night Before

Cole's Hot Blast Heater maintains a continuous fire - also a steady even heat. It will hold fire from Saturday night until Monday morning (48 hours) without ttention. It will hold fire over night with less coal than any other stove.

Open the drafts in the morning and the rooms are quickly heated with the fuel put in the night before. No other stove does this.

Burns Soft Coal, Slack, Siftings, Hard Coal or Lignite. One ton of either kind of fuel goes further and gives you more comfort than two tons, using any other kind or

Your attention is called to the unparalleled statement made by the manufacturer of

Cole's Hot Blast Heating Stove

"For several years we have authorized our Agents to sell Cole's Original Hot Blast Heater on the guarantee as follows:

- *1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.
- "2-That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with the same size fire pot.
- "3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.
- "4-That the stove will hold fire with soft coal from Saturday night
- "5-A uniform heat day and night, with soft coal, hard coal or lignite. J'6-That every stove will remain absolutely air-tight as long as used.
- "7-That the feed-door is and will remain smoke and dust-proof. "8-That the Anti-Puffing Draft will prevent puffing.
- "All we ask is that the stove shall be operated according to directions

"(Signed) COLE MANUFACTURING CO., Not Inc."
(Makers of the Original Patented Hot Blast Stove.)

This remarkable guarantee from the makers of this stove should be of interest to you if you contemplate buying a heating stove.

Years of use has proven that no heater-at twice the price-equals it for radiating heat, for holding fire, requiring so little attention, never giving trouble, and cutting down your coal bill one-third to one-half.

Come in and examine Cole's Original Hot Blast which is now imitated by nearly every other stove manufacturer. Price \$12.00 and upward, according to size.

"In New York my sailors go to places to get liquor, too. No law will stop them from looking for it, clared there was no place in the at Portland, Maine, under prohibiif they are imposed upon in the tion. get what they want. I say that practical experience (which after this condition is better than the all is the best teacher) that it was a mistake to try to legislate a gen-

short experience such as I had dissimilar in every respect as their one of judgment, not of motives.

I am opposed to this prohibition

from the saloon into the home, and that prohibition was productive of corruption and hypocrisy.

Statistics gathered by an administration favorable to prohibition were presented to the voters, and a majority of voters decided that they would have no more of prohibition.

These statistics showed:
That in twenty-seven of the large centres of Maine there were for years 903 saloons doing an open liquor business.

That when the State administration sent deputies to close up the set saloons the sale of liquor was driven into private homes and has gone on there to a great extent.

Of whiskey arrived by freight ye fields that the read of whiskey arrived by freight severy morning, and even in close of only 1,500 inhabitants fifty dearen in the state administration were trongled by an administration favorable to prohibition.

These statistics showed:
That the twenty-seven of the large centres of Maine there were for years 903 saloons doing an open liquor business.

That when the State administration sent deputies to close up these saloons the sale of liquor problems and plant the problem of the sales of liquor problems and provide the officials and the problems and provide the officials and provide the officials in a proportion were those of druggists.

That when the State administration sent deputies to close up these saloons the sale of liquor business.

That when the state administration sent deputies to close up these saloons the sale of liquor when the large centres of Maine than I have had with my men while at any other ports in the world.

That there coaling merital to say anything of the laws of states other than my own without first the laws of states other than my own without first the laws of states other than my own without first the laws of states other than my own without first the laws of states other than my own without first the laws of states other than my own without first the laws of states other than my own without first the laws of states there are liquor on men is in the law of the laws of states o dence both states are using the initiative this year on the prohibition question, but here the similarity ends.

It is a startling fact that Maine, which has had the longest experience in prohibition of any state in the Union, is trying to get rid of it and adopt local option in its place.

It is a startling fact that Maine, which has had the longest experience in prohibition of any state in the Union, is trying to get rid of it and adopt local option in its place.

It is a startling fact that Maine, which has had the longest experience in prohibition of any state in the Union, is trying to get rid of it and adopt local option in its place.

It is a startling fact that Maine, which has been a success in this and the longest experience in prohibition of any state in the Union, is trying to get rid of it and adopt local option in its place.
